

GUESTIMONIALS

“

OUR GUESTS ARE ROOTING FOR YOU AS MUCH AS WE ARE.

Here's what they're saying, in their own words:

I wanted to take the time to show appreciation for one of your customer service representatives, Ramsina.

When I called to make sure that we were at least on the same floor, the error was found, the original reservation was made, and our two families were put on separate floors. This was even though both reservations were made together under the same name. Ramsina was very helpful in changing our rooms and went above and beyond to make sure that our two families will be next door, during the upcoming holiday weekend.

My family has been staying at Jay Peak for 30 years and we appreciate the customer service reps who go the extra mile. Thank you very much.

Sincerely,
Heather A.
