

# MOVING UP

## **Congratulations Kelsey Finnegan.**

Kelsey has been at Jay since 2016. During this time she has worked numerous positions across the resort. After leaving for a short time, Kelsey returned to Clips & Reels as our Front Desk Agent/Climbing Guide in February and has been nothing short of an exemplary employee. Kelsey goes above and beyond what is asked of her each and every shift. Her knowledge of the Sirius program, the resort, and local area has been a huge asset to not only myself and her coworkers, but most importantly our guests. Kelsey was an Employee of the Month nominee in both April & June and is the epitome of the Jay Way.

Kelsey is being promoted to Clips & Reels Supervisor. She will not only be continuing her role at our Front Desk but also will be taking on more behind the scenes responsibilities, as well as overseeing daily operations. Please join me in congratulating Kelsey on her new position.

## **Jamie Lynch**

Climbing & Digital Entertainment Manager
