

GUESTIMONIALS

OUR GUESTS ARE ROOTING FOR YOU AS MUCH AS WE ARE.

Here's what they're saying, in their own words:

Here is a note from an elderly woman who was at Jay Peak alone for a wedding and found herself in the emergency room at North Country Hospital last Saturday. Tom Howell was called by a good friend who is an ER nurse and asked if Tom could give the woman a ride back to the resort. Tom and Ellen were in Newport, so they picked her up and transported her back to Jay Peak. Tom met Kasey Larson at Provisions to make sure she got to the wedding and was reconnected with friends.

The note reads:

“ Just a note thanking you, your wife and the resort for your help last Saturday, 8/3.

You were so kind to give me transportation, having the staff watch out for me.

It's nice to meet some of the "kind folks" left in our society.

Thanks to all.

Sincerely,
Joanne Shaw ”
