

WELCOME TO THE TEAM

Welcome and congratulations, Cody Gage.

Please join me in welcoming Cody BACK to the Jay Peak Family as our Special Events Coordinator.

Cody grew up in the area and attended North Country High School where he participated in community events and captained both football and baseball teams. Following his graduation, he attended Lyndon State and studied Electronic Journalism Arts, also captaining sports teams. Cody spent time at NESN before travelling to, and ultimately living in, Florida where he bought a house and lived and worked for several years.

Cody met his partner, now wife, Gwen (also from Vermont) in Florida and they got married here at Jay Peak this past summer. Somewhere along their journey, and fortunately for us, they decided that they wanted to return to their home state of Vermont. Cody had worked at Jay Peak as a Front Desk Agent before leaving the north and was looking to return to the Jay Peak family.

Already, Cody has been instrumental in helping to schedule and book this season's extensive and varied Après lineup in The Bullwheel bar, The Tower Bar, and at The Clubhouse for Sis Boom Burgers. He's done all this while trying to keep his house in Florida in one piece through two hurricanes while it's on the market. Nothing like a little extra stress to keep the blood flowing. If you didn't see Cody at this season's 15th annual Bean & Brew, please take a moment to welcome him back when you see him at one of upcoming event such as Day for the Devoted or Wintershine. Welcome back, Cody!

Ted Fleischer

Special Events Manager
