

GUESTIMONIALS

OUR GUESTS ARE ROOTING FOR YOU AS MUCH AS WE ARE.

Here's what they're saying, in their own words:

“ I want to express my gratitude for my experience with my snowboard trainer, John. I had the absolute pleasure of having John Eason as my snowboard trainer during a group lesson on 12/28/24, and I can confidently say he is the best trainer I could have ever hoped for. I came into the lesson with very little confidence, convinced that I would never be able to master the front edge. But John changed everything for me.

With his incredible patience, clear instructions, and unwavering encouragement, he showed me that I could do it—and I did! His ability to break things down and make the seemingly impossible feel achievable is unmatched. Thanks to John, I left the lesson feeling not only more skilled but also far more confident in my abilities.

The second day, instead of having the private lesson, I practiced by myself and I am happy to say that I improved so much. I could do the front edge and turns by myself, and that is only because John's teaching wisdom.

Thank you, John, for helping me believe in myself and for making what felt like an impossible dream a reality. I'll always remember this experience and the positive impact you've had on me. ”

Always grateful,
Maria Luca
