

# HOLIDAY THANKS

---

**TO:** All Jay Peak Staff

---

Just a quick word of thanks for a very strong two week run and, by the look of the traffic streaming onto campus, the start of another one. You have all managed the business through fickle weather and a variety of unlovely sicknesses that have impacted both you and your teams with no time to press pause or catch your breath.

Just know that as I walk around and see you continuing to deliver on behalf of yourselves, your team and our guests, it is noticed and appreciated.

From the minute our guests landed this holiday to the seconds before they got dug out and on their way, you represented the mountain with real grit, real hospitality and an unreal approach to supporting each other, that have become hallmarks of the Jay Peak brand both past and forward.

I can never thank all of you enough for that.
