

GUESTIMONIALS

OUR GUESTS ARE ROOTING FOR YOU AS MUCH AS WE ARE.

Here's what they're saying, in their own words:

“Two of my daughters are doing the Free Ski and Ride team this year. They are 9 and 11 and having an amazing experience. **Spoon** took the time at the beginning of the year to work with the instructors and groups and created two great teams for them. He called me on the first night of the season and checked in to let me know the plan for the rest of the year. I've given Spoon this feedback as well, but figured you should hear some good news.

Cate, our 11-year-old, is in **Amir's** group with several other middle school girls. Amir has been nothing short of fabulous. I had the great fortune of hearing his wrap-up last week. He is kind, supportive, and most importantly a ton of fun. He is pushing Cate just enough each week and it is incredible to watch her confidence and skill grow under his watchful guidance. Yesterday she and her team skied Green Beret and Tuckermans. Normally, this would have been cause for great celebration in our house, but she was upstaged by her younger sister.

Grace, our 9-year-old, has been skiing with **Kelly** and **Nick** this season. They too have been outstanding in building her confidence and skill over the course of the winter. Yesterday they took her group of young kids down the Face Chutes. Grace was incredibly proud. We've been skiing at Jay for seven years and she was the first one in our family to ski the chutes. She outskied her two older sisters and parents!

The girls are learning so much about themselves and also becoming phenomenal skiers in the process. Your team is doing a great job, creating lasting memories and teaching life lessons out there in the cold. I wanted to take the time to recognize Spoon, Amir, Nick, and Kelly for their dedication and skill.
