

ONE TOWN

A LOCAL CELEBRATION OF THOSE WHO SERVE.

IT DOESN'T TAKE A VILLAGE, IT TAKES THE VILLAGERS

One Town is a celebration of what makes our corner of Vermont so unique: the people. It's about community. About heart. About the kind of selflessness that quietly shapes the towns in and around Jay Peak every single day.

This event isn't about us—it's about them: the volunteers, the organizers, the doers. The folks who put their communities first, even when it means putting themselves second. They're the ones fixing trails, feeding neighbors, checking in on seniors, and making our towns not just livable, but lovable.

As the largest for-profit employer in the region, we know our role isn't just to operate here, but to invest here. We're committed to standing behind the people who already have each other's backs. The ones building stronger communities from the inside out.

There's no shortage of people doing good work. And together, their impact makes our region feel even more tightly knit. Because while we're many towns, many people, many efforts—when it comes to community, we're One Town.

Nominations are now open - we invite you to submit applications to recognize those making all the difference. The stories you share help us celebrate this year's One Town honorees. Winners and their nominator will be invited to the 2nd annual gala and presentation on Tuesday, October 7th, 2025. Designed to give back a little to those who offer up so much, the event will include dinner, free lodging for winners and nominators for the evening in our Hotel Jay, gifts, prizes, and most importantly an opportunity to recognize and give back a little to those who offer up so much.
