

INTERNATIONAL LIFEGUARD APPRECIATION DAY

Happy International Lifeguard Appreciation Day!

We're celebrating the incredible lifeguards at the Pump House Indoor Waterpark. The everyday heroes who make it possible for families to have fun while staying safe.

Behind every splash, smile, and exciting ride down our four waterslides is a lifeguard whose attention never wavers. Whether they're watching over the pools, operating the FlowRider, or responding in an instant when needed, they are always focused, prepared, and ready to help. Our lifeguards train every week to keep their lifesaving skills sharp. Their rescue equipment, training, and quick response are essential—but it's their dedication, professionalism, and genuine care for our guests that truly make the difference.

To every member of our lifeguard team: thank you for your hard work, your commitment, and the countless ways you protect our guests each and every day. Your vigilance often goes unnoticed because you're so good at what you do—and that's exactly what makes you exceptional.

Please join us in thanking our amazing lifeguards for everything they do.

Chelsea Mitchell-Eby

Assistant Director of Aquatics
