

WEDDING STRETCH: WEEK 2

TO: All Staff
FROM: Steve Wright
DATE: October 7th, 2026

Team -

This weekend brings us into the second week of our six-week wedding stretch. Here's what's ahead:

Friday

- 80 guests; Rehearsal & Welcome Party; Alice's / 115 guests; Rehearsal & Welcome Party; Howie's

Saturday

- 132 guests; Barn Ceremony / 113 guests; Pond Ceremony
85 guests; Rehearsal & Welcome Party; Alice's & Tower Bar / 113 guests; Reception; IR

Sunday

- 93 guests; Barn Ceremony, Tower Bar Cocktails & IR Reception

Monday

- 81 guests; Farewell Brunch; Haynes Conference Room

These celebrations bring business across the resort and give us a chance to introduce Jay to guests who may be visiting for the first time. Every department has a hand in the experience they take home. The wedding team does a tremendous amount of work to get them here and make their time with us meaningful, and every department has a part in delivering on that.

With coordination staffing still tight, please keep looking for ways to chip in. A quick response or willingness to work through a difficult request together can make a real difference. When something falls between departments, help connect the dots so no one's left chasing things alone.

Please review the upcoming events with your teams to make it happen. We all have competing demands, but being flexible and helping each other find workable solutions is how we get through stretches like this.

Thanks for the work going into these weekends, much of it well before anyone arrives. Let's keep giving our wedding team, and each other, the support to do this well.

steve
