FRONT DESK SUPERVISORS-

The front desk is the central hub of each area. We direct guests and employees to their proper location, while servicing our lodging guests. When someone is lost, I can assure you - they will find their way to a front desk where they will be thoroughly cared for. The Front Desk has an incredible team of supervisors that are consistently going above and beyond to help guests and fellow employees. Front desk supervisors offer support to all front desk staff, which covers 4 desks in the winter season. They spend their down time preparing for group arrivals, checking over for quality assurance, memorizing new promotions, making welcome packets, and audit banks. They are fantastic at multi-tasking, frequently assisting multiple guests simultaneously. This is a very strong front desk team; each supervisor leads in their own unique way. They genuinely care about the guest experience and do everything in their power to improve it! The Front Desk Supervisors are knowledgeable, willing to help, and eager to please. Please help us by cheering on the front desks supervisors!
