

WELCOME TO THE TEAM

Welcome and congratulations, Justin.

Please join me in re-welcoming Justin Leyva to Jay Peak, as Human Resources' new Recruiting Specialist.

Justin worked here at the mountain as a server in the Food & Beverage department previously, and many of you may know him from his most recent employment at Boutin's Market as their Operations Manager.

In his new role, Justin will be recruiting both domestic and international candidates to fill roles across the resort using a wide array of recruiting strategies. He is also responsible for all J1 and H2B cultural programming.

In the short time that Justin has been onboard, he has already proven to be a huge asset to the team. He has successfully coordinated the arrivals of our international employees, organized multiple cultural events and is finding his groove here in the office and on the hill building relationships with employees and leaders across the resort. Justin brings a positive and energizing enthusiasm to the office everyday.

We are so excited to have Justin on the team.

Katie Tremblay

Director of Human Resources
