

# GUESTIMONIALS

## OUR GUESTS ARE ROOTING FOR YOU AS MUCH AS WE ARE.

Here's what they're saying, in their own words:

“ Last week my girlfriend and I first experienced Jay Peak, and it was nothing short of extraordinary. The staff, the people, the vibe - you guys are second to none. Thank you for being awesome.

My girlfriend and I went to The Foundry for dinner and we had Chad as our waiter. Earlier in the day my girlfriend cut her hand on her snowboard edge. We asked Chad if there was anywhere to buy bandages and first aid supplies. He went out of his way while we were eating to walk over to the store to buy peroxide, Neosporin and bandages and brought them to us.

People like that don't exist anywhere. The humility and empathy he showed as a human being is something we need more of in this world.

You guys really are the greatest family. Thank you for all you do.
