

GUESTIMONIALS

OUR GUESTS ARE ROOTING FOR YOU AS MUCH AS WE ARE.

Here's what they're saying, in their own words:

“ Hello all,

Having frantically realized I made an error reserving a day of skiing I immediately called your hotline. Thankfully, I was received by Kytreaana, in your reservation/lodging dept.

Working in customer service, I am not only beyond thankful but extremely impressed with her disposition and professionalism. I only hope in my own business that my employees treat my customers as well as Kytreaana treated me.

As we spoke, she made a great recommendation for lodging. Long story short we went from a day trip of skiing to booking a couple nights. Just wanted to send this email so someone would recognize my complete satisfaction as a guest at your resort.

Can't think of a better way to spend my anniversary! ”

Best,
-Eric S.
