

# GUESTIMONIALS

## OUR GUESTS ARE ROOTING FOR YOU AS MUCH AS WE ARE.

Here's what they're saying, in their own words:

“ I just wanted to say thanks to the Jay Ski Patrol, (specifically Stella) and the folks working in the Provisions store. My daughter Holly hurt her finger on a little collision with my wife while getting off a lift. We went down to Tramside, we weren't quite sure what to do, went into Provisions and they immediately called the ski patrol for us. They also comforted my daughter, who was ok but just upset, had her sit down and brought her some ice for her hand. Stella from ski patrol was there within a few minutes, and she was amazing. She examined Holly's hand, calmed her down and even got her to smile and laugh. A consummate professional with amazing bedside manner. On Stella's advice we took Holly to get an x-ray of her finger, she is ok. We fell in love with Jay on vacation last year, and today just reaffirmed why this place is so great.

Your employees are amazing.

Thanks again,  
-Patrick D. (Holly's Dad)
